What to wear: You should wear your race t-shirt that is provided in your registration packet! If you do not want to wear it, then wear whatever you would like that is WHITE! Be Creative! Dress up! Have fun! But don't wear anything you do not want full of color.

Will the Color ruin clothes or running shoes? The color mostly washes out after the event. However as with anything dirty, the sooner it is washed the better. Dust off all excess powder before washing with water.

How to keep color in the shirt after race: To preserve the color in your running shirt, we suggest spraying it with vinegar and ironing it when you get home. This is the most likely way the shirt will retain its coloring.

General "Color" Safety and Rules: If participating with a stroller or small children, please start at the back of the pack. If at all concerned about the "Color" experience, feel free to wear sun glasses, goggles or a bandana .

Cleaning up: Bring a towel to put in your vehicle so that color does not get in your car.
