

# Wyatt V. Courage Dash

Join us for a 4 mile adventure race with obstacles including mud, heights, depths, hills, and hollows! Each obstacle will offer the options of doing an alternative task if need be.

If the adventure race isn't for you, we invite you to hike the beautiful terrain.

Don't miss this great opportunity to help raise awareness of CHD, and make a difference for the Heart Center at Blair E. Batson Children's Hospital.
